

Hami Finance Club – Useful Websites

[Investopedia.com](https://www.investopedia.com)

The place to learn about investment and personal finance, stay updated with current financial news, and practice trading stocks and options.

[MyMoney.gov](https://www.mymoney.gov)

A simple, straightforward website that details every aspect of personal finance, from spending to borrowing to saving.

[Yahoo Finance](https://finance.yahoo.com)

A great platform for finding numerical data about stocks, options, and other forms of investment. Allows you to keep track of prices and activity. Also available as an app.

[NerdWallet](https://nerdwallet.com)

Has endless reviews and comparisons of brokers, loan providers, and other financial products and services. Use this site to help you make financially intelligent decisions.

[TD Ameritrade](https://ameritrade.com), [Charles Schwab](https://schwab.com), [E*Trade](https://etrade.com), [Fidelity](https://fidelity.com)

Great brokerage options that provide lots of guides, advice, and flexibility. All of them have \$0 minimum account value and \$0 trade fees, for the most part.
